Italy

After more than 30 years' experience in Yachting,
we believe that we understand exactly what yacht
professionals need, both when on board and on shore.
This is how the **Waterfront Marina** concept was created.

LOCATION

Welcome to Genoa

Genoa is **a charming city in Liguria, heart of the Italian Riviera**, one of the most picturesque and beautiful regions of Italy, with a wealth of sports and activities all year round.

Flaubert declared that Genoa, Italy's largest sea port, had "a beauty that tears the soul".

Over the last few decades, the city has shaken off its gritty port town identity, replacing it with that of an authentic and modern coastal metropolis. Genoa has changed greatly and there will be a lot more major changes in the years to come.

“ *A beauty
that tears
the soul.* ”

LOCATION

Genoa connections

Genoa is **centrally located in Europe at the centre of the Ligurian Sea**, just a stone's throw away from the most attractive cruising destinations in the Med and a short hop from Italy's most important cities and amenities.

A nearby general aviation hub makes it even more appealing.

- Genoa C. Colombo Airport: 10 kms
- Milano Linate Airport: 150 kms
- Pisa Airport: 168 kms
- Torino Caselle Airport: 194 kms
- Portofino: 14 nm
- Monaco: 80 nm
- Saint Tropez: 115 nm
- Porto Cervo: 200 nm

A great destination, at any time of year

Follow [@genoasuperyachthub](#), a project by Amico & Co and Pesto Sea Group, to find out more about what Genoa has to offer.

The hub offers a combination of multiple abilities catering to every necessity that a yacht may have: from top level marinas, refit facilities and all specialized services that the industry requires. Plus Genoa is a UNESCO heritage city and an ideal location for reaching all sorts of different scenery, from beaches to world famous ski resorts, stunning renowned cities like Milan, Florence or Venice, as well as picturesque gems like Portofino and the Cinque Terre.

WHY CHOOSE WM

Make Genoa your homeport

Waterfront Marina is **just a few minutes' walk** from the heart of Italy's fifth largest city, bustling with life and living a new renaissance since it was European city of culture in 2004.

Abundant in **stunning medieval architecture, unique attractions,** glorious weather, it is now on the brink of an remarkable modern **waterfront evolution**. Genoa is a very **well equipped yachting hub** for every necessity that a yacht may have.

Genoa is succeeding in its vocation as the **ideal superyacht destination**.

ABOUT AMICO&CO

#RemadeinItaly

What makes Amico & Co different from other refit hubs is the way that it uses its large yacht facilities and expert knowhow together, combining them with all of the superyacht capabilities and resources available in Genoa city and in the Liguria region. As we say, it's not just the parts that make a hub - it's how they're put together.

GENOA 2.0

The new Genoa Waterfront

TAKE A WORLD-FAMOUS ARCHITECT

Renzo Piano, who designed the Georges Pompidou centre in Paris, London's Shard and New York's Whitney Museum, has designed a new blueprint for his native city, restoring a view of the sea to its people.

AND ADD A BEAUTIFUL HARBOURSIDE CITY

By demolishing a series of built-up spaces, new navigable canals will be created parallel to the coast, with a width of between 40 and 60 metres, allowing pleasure craft to cruise the entire length of the seafront.

Genoa is evolving as the government invests in infrastructure, developing a new waterfront called the **Waterfront di Levante**. The Waterfront di Levante will be ready for Spring 2023 and is currently one of the most remarkable urban developments nationally in Italy.

"We are aiming to bring the sea back to an urban area that will have trade show zone, nautical workshops, residential spaces and a strategic place for sports"

Marco Bucci, Genoa City Mayor

A NEW BOARDWALK

There will be a "Passeggiata a mare" or what the French call "promenade" "promenade", a boardwalk along the water to provide an urban but nautical experience to pedestrians.

URBAN PARK

The urban park covering almost 16,000 m² and more than 2,000 trees is a connecting element between the city and the port, between the historic walls and the new modern water front canals.

THE PALASPORT

The sports hall is designed for CONI homologation in order to host the top series of all indoor sports and accommodate large events, shows and concerts, with a thematic commercial district on the ground floor open to the public.

The development will be completed by a student housing complex, waterfront residences and office and workshop space.
